HMX-ico '09 - Good Times!

HMX recently hosted its 3rd Annual HMXico trip to Rocky Point, Mexico this past April. As is the tradition, customers were chartered on a private party bus to a beach-front resort for 3 days of golfing, fishing and hanging out. Good times were had by all!

[Click here to see a slide show of more photos](#)

This year, HMX held a contest to launch their new seamless welded door, called **Unlock Your Way to HMXico**, where customers could register online for a chance to go on the HMXico trip.

And the winner was...

David Sardi from Advanced Doorways!

Hasta la vista amigos!

Let's get the game on

Have a large project to quote?

HMX is on your team!

You already know us for our incredibly fast lead times and custom capabilities, but you may not know we can be very competitive on project work as well. The excellent HMX service and

dependability you are used to, combined with special project pricing is a win-win for everyone! Check out these recently completed projects:

- Ritz Carlton, Tucson, AZ
 - (261 doors/223 frames)
- Cedar Creek High School, San Antonio, TX
 - (100 frames)
- Evans Army Community Hospital, Colorado Springs, CO
 - (77 doors)
- Hyatt Place, Salt Lake City, UT
 - (149 frames)
- Camp Pendleton Marine Corps Base, San Diego, CA
 - (430 doors)
- Barrett Honors College, Phoenix, AZ
 - (210 doors/190 frames)

Ask Delbert

What are the core options available for the SW Door and the LS Door?

Good Question!

HMX's SW Door, our seamless welded door, is available with the following four core options: polystyrene, honeycomb, steel stiffened or temperature rise. Our LS (lock seam) Door is available with the following three core options: polystyrene, honeycomb, or temperature rise. Cut sheets on our SW Door and our LS Door can be found on our website, www.HMXpress.com...[click here](#).

Where's Delbert?

Delbert is hitting the beach somewhere South of the border this summer...

Take your best guess...here are some clues to help:

- 1) John Huston's "The Night of the Iguana" was filmed here
- 2) It is sunny here 345 days of the year
- 3) Shares the same latitude as Hawaii
- 4) Was considered a "safe haven" from pirates and renegades in the 16th century

Email your answer to marketing@HMXpress.com...the first three correct answers will receive a prize!
